

NOTICE

25th April, 2013

Dear Members/Residents,

It is noted that the Residents/Children/Maids/Servants etc. of our Society pluck flowers and children play in the Garden which destroys/harms the plants and the beauty of the Garden.

Members/Residents are requested to abstain from such activity and ensure that nobody plucks flowers or destroys/harms the plants/trees and the children do not play in the Garden. The flowers look more beautiful on the plants rather than in your hands.

For Mahindra Eminente Co-op.Hsg.Soc.Ltd.
